

Dmitrii Babinov

I build digital products for narrow problems, and help people who have one.

Flatmate

Problem **Will we live well together?**

For whom People sharing a home.

Built Habits before introductions.

What I chose not to build No paid plan for room seekers and no BoligPortal-style listings feed.

Ventelistevalg

Problem **Which list should I join?**

For whom Copenhagen home seekers.

Built Sources before signup.

What I chose not to build No "join every list" button.

Danskertesten

Problem **Why was my answer wrong?**

For whom Indfødsretsprøven learners.

Built Wrong answers, explained.

What I chose not to build No MitID login and no pass-rate promise. Built for Indfødsretsprøven and Medborgerskabsprøven, not PD3.
